Can we make the Affordable Health care Act your friend?

The Goal of Health Benefits Navigator, LLC is to be your advisor as you try to navigate through the “Affordable Care Act” making it more affordable and understandable. We are skilled in the entire Health Insurance market.

From helping the individual obtain health coverage in or out of the exchange or guiding them through Medicaid and Medicare.

In the small group market, we can guide the group through the complex compliance issues and even show a sole proprietor of a husband/wife group how to enroll in a group plan.

In the large group market our team of experts will skillfully search the market to find the most economically suitable fit.

Health Benefit Navigator, LLC is fully licensed and has access to all the insurance companies in New Jersey. This enables us to resolve any Individual or Employee Insurance Benefit situation.
