

## At The Phoenix Center, we See Miracles in Life Every Day

Meet Josh, he came to The Phoenix Center in 2009 when he was ten years old. He struggled to participate academically and socially with his peers. Our staff found that he benefited from extra sensory therapy that utilized balance as a means to regulate his senses, so he could follow along in class.

Josh and his family loved to bike ride together, so his teachers worked on regulating his sensory experiences by strengthening his balance on the bike. He learned how to ride a two-wheel bicycle independently, navigate around obstacles and demonstrate appropriate safety awareness; something we all worked very hard to accomplish.

**Next week is Giving Tuesday - the global day of giving. Facebook and PayPal will match donations made to The Phoenix Center through this campaign starting at 8am EST November 27th, and will continue matching donations made to nonprofits until the \$7M match runs out.**

**Giving Tuesday, a day to be philanthropic and give back, is next Tuesday, Nov. 27th.**

Will you include The Phoenix Center in your philanthropy this year? Please consider making a gift of \$25, \$50 or more to The Phoenix Center.

# #GIVINGTUESDAY™

Thank you so much for supporting the students of The Phoenix Center. Wishing you a happy and healthy holiday season! Share with your friends.

With gratitude,

**Julie Mower**

Julie Mower, M.A.Ed.  
Executive Director
