

# BROADWAY HOUSE FOR CONTINUING CARE

## MARCH NEWS FROM BROADWAY HOUSE

### Broadway House Receives Elite Quality Award

Broadway House for Continuing Care was recently awarded Providigm's 2018 Embracing Quality Award for exceptional achievement in health inspection performance. In 2018, only 181 nursing centers across the US received awards putting Broadway House in a select group of high performing facilities.

Providigm's Embracing Quality Awards honor high performing nursing centers in one or more of 3 categories: deficiency-free regulatory health inspection, prevention of hospital readmissions or for superior levels of customer satisfaction.

"In a time where the skilled nursing industry is under enormous pressure due to increased regulatory standards and slim margins, we have continued to make quality a priority," said Broadway House President/CEO, James Gonzalez. "Excellence in these measures links to high outcomes for our patients and residents. This prestigious recognition is a tribute to the hard work of our staff and their dedication to providing excellent care to our residents."

AWARD WINNER

### Gonzalez Joins Council on Homelessness

President/CEO James Gonzalez has joined the National Health Care for the Homeless Council, an organization at the forefront of addressing the relationship between homelessness and health care. The work of the Council is critical in this time of increasing homelessness. They do this in the form of best practices, bringing forth the experiences of those who have experienced homelessness, research and policy and advocacy work to end homelessness in the US.

He has also been appointed to the Newark Municipal Council Commission on Homelessness. The Commission was created in 2018 to address the unacceptable levels of homelessness among single adults, families and unaccompanied youth in Newark. An ordinance was passed that calls for the Council to provide a framework and strategy for ending homelessness in the NY Metropolitan Area's second largest city. Members are from the public and private sector and at least one of the commissioners must have experienced homelessness before.

"Membership in both groups will give Broadway House an active role in solving the homelessness and health care crisis in Newark and nationally. Many of our residents come to us from homelessness and there are many more homeless using the emergency room for their healthcare. We want to become a leader in providing a better way in which the homeless can seek care and find a place to live," said Gonzalez.

### Broadway House Rated as one of the Best Nursing Homes 2018-19 by US News & World Report.

In 2018, 2975 facilities were recognized by US News as Best Nursing Homes. Broadway House is the only nursing home in the immediate region and the only Newark facility to achieve this recognition. Facilities are considered Best Nursing Homes if they rate "high performing" in their Overall Rating. The data used to evaluate these homes comes from the CMS Nursing Home Compare program and incorporates nurse staffing, health inspections and quality measure Star Ratings. Broadway House is a CMS 5-Star rated nursing home in all 5 rating categories.
