

Small businesses form the backbone of our local economy and non-profit organizations provide a vital safety net of social services for our residents. Both have been heavily impacted by the Coronavirus and both need our help to be able to economically survive. Through our partnership with the NJRA, we are making grants available to help small businesses and non-profits pay for their rent. This will help small businesses and non-profits keep their doors open and benefits landlords who will receive rental payments so they can pay for property taxes and other expenses.
