Hello All,

Thank you so much for your help in putting this together so quickly. We are super excited to host this friendly competition where everyone wins. To sum everything up we will be holding a craft workshop to raise environmental awareness and a fundraiser competition to support your amazing organizations.

Each organization will have a donation box in our shop available from 9am to 9pm on July 15th. The organization that receives the most donations will be the winner. (So get your supporters in there to help!) They will win a free promotional item designed and produced by us to help raise awareness for their cause. A percentage of proceeds from the product's sales will be donated to the winner regularly for as long as the item in our shop.

Examples of some great promotional items could be:

- 100% Organic Cotton T-Shirts made in the U.S.A with your slogan / logo / catchy saying
- 100% Organic Cotton tote bag with slogan / logo / catchy saying
- Promotional notebook / school supplies
- Promotional mug / thermos
- Special edition handmade cold process soap with custom packaging
- Natural soy candle in custom packaging
- All-natural foaming hand soap to promote healthy living
- All-natural cat/dog toy

These are just some ideas but please feel free to get creative. We are excited to work with the winner to design and produce something special to help raise awareness for their cause.

We hope this competition and future events will aid in promoting all the great things your organizations do.

Attached you will find the promotional flyer as well as images which are sized to be shared on social media.
