Mamma Vittoria loves dishes that can multi task in the kitchen. We are offering two of our customers' all time favorites...

***Caponata** is a classic Sicilian side dish – eggplant is the main ingredient and best used at room temperature. Top it on toasted bread as an appetizer and you have a Bruschetta. Toss it with your favorite pasta for a delicious summer salad for the perfect vegan dish!

***Puttanesca** our way - the taste of this famous dish is unforgettable and its history a bit scandalous! Tomatoes, capers, anchovies and olives ~ don't let the ingredients scare you ~ you'll love it! Traditionally served over spaghetti but serve it over your favorite fish or grilled chicken and you have a delicious entrée! It's gluten free and vegan.

It's a great gift for friends and family...mangia!
