Karl Greengrove, Dot's son, inherited his mother's generosity. Karl has donated many items that we will be highlighting in future postings. We wanted to include a couple he recently contributed: a round mahogany two-tier pierced piecrust table with three carved claw feet is an attractive addition to the formal dining room. And: a round oak pedestal table with four carved claw feet. The sideboards and two-tiered pie table are in our Dining Room. The oak table is in our Kitchen.
