

The Nutley Rotary Club, member of the largest global service organization in the world, is proud to continue our longtime tradition of offering scholarships to our Nutley residents, no matter where they attend high school.

Nutley Rotary awards 3 four-year scholarships based on community and school service, scholastic achievement and financial need. One of these scholarships is offered only to members of our Rotary sponsored Interact Club, our counterpart at Nutley High School.

In addition to these scholarships, Nutley Rotary provides the Chester Ryan vocational grant to a graduating senior who will attend business or trade school or enter directly into the workforce in a chosen profession. Community/school service plays an important role in the choice of this grant.

For more information and to apply for our scholarships, please visit www.nutleyrotary.org and click on the Scholarships 2020 dropdown link in the top menu.
